For Professional staff, their immediate supervisor will be responsible for conducting the review and for academic staff the review will normally be conducted by the Head of School or Chair of Discipline. For more information please visit the following website:

Local Walks

Kings Park

Kings Park and Botanic Gardens is an area of 400 hectares which contains 270 hectares of natural bushland, one of the largest areas of original bushland as close to a city centre anywhere in the world.

The park borders the northern (rear) side of the UWA colleges along Park Avenue. There are extensive walking tracks through the bushland of Kings Park and a variety of recreation areas. The Mt Eliza lookout at the eastern end gives an excellent view of the Swan River and city centre.

Matilda Bay, Pelican Point and Nedlands Foreshore

Matilda Bay is the part of the Swan River located directly south from St Georges College. A path leads south around the bay, past Matilda Bay tearooms and the Royal Perth Yacht Club to Pelican Point. Dolphins are often seen in this area. Pelican point is a popular windsurfing spot and kite flyers can be seen on Nedlands foreshore taking advantage of the afternoon seabreeze.

UWA Main Campus

The main campus of UWA offers picturesque landscaped gardens. The sunken gardens, tropical grove and the great court are beautiful places to sit and soak up the sunshine or to enjoy a moment of quiet contemplation.
